The secret to a good move is

# GOOD COMMUNICATION

At **Moving Home Made Easy** we really do make moving easy.

To ensure your move day is stress free, we need to know all necessary information about your move, and the best way for us to gather this is for one of our dedicated **Move Managers** to visit your home and provide a **free no obligation quotation**.

## Questions we ask during your home visit:

- What volume of furniture and possessions are to be moved?
- Would you like us to quote for packing your boxes?
- How many boxes and packing materials would you like us to provide for self packing?
- What time is the key exchange scheduled for?
- Are there access or parking issues at your current or new home?
- Do you have any special care or antique items that require additional protection?
- Are there any additional uplifts or deliveries you require?
- How many wardrobe boxes will you need for your wardrobe contents?
- Are there any beds or other items you require us to dismantle?
- Do you have any short or long term storage requirements?
- Do you require additional insurance coverage whilst your goods are in transit?
- Can we help you with any additional services, such as:
  - Home Cleaning
  - Carpet Cleaning
  - Rubbish Removal

# HOW TO MAKE YOUR MOVE EASY

## ARRANGE A FREE HOME VISIT

Ask us for a free home visit. This is the best way for you to receive an accurate removal quotation and for you to get the useful free moving advice from your move manager.

## RECEIVE WRITTEN QUOTATION

We will send you a written quotation which will be a fixed price costing based on your requirements. It will include our terms and conditions and details of the **comprehensive insurance coverage** we provide for your move.

## MAKE THE BOOKING

When you're ready to accept our quotation, simply call our office and verbally confirm the date. You should then send us your completed acceptance form via email, fax or post.

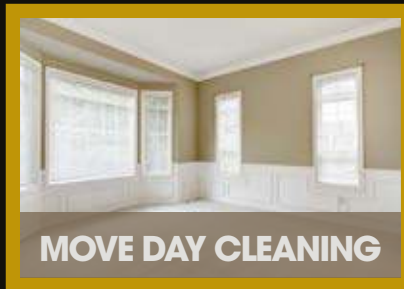

## RECEIVE YOUR BOOKING CONFIRMATION

Once you have confirmed your booking, you will receive written confirmation from us. It will outline your booking details, giving you piece of mind and one less thing to think about.

As well as your own **personal move manager** to guide you through the moving process, you will also receive our helpful **Home Moving Guide**. This provides all the tips and advice you will need to prepare and make move day easy and stress free.
